I am pleased that I have this opportunity to invite you to participate in a gathering of Presidents of Wisconsin organizations.

The Real Property Listers of Wisconsin have established liaisons with many of you. During 1995, the Real Property Listers realized direct communication between all the organizations was needed.

This meeting is designed to begin organizational communication, to facilitate a better understanding of how our actions affect each other. This will be a free flowing round table discussion with everyone having an equal voice. It is hoped that by learning about and from each other, we can make this a better world in which to work and live.

The Wisconsin Land Information Association has agreed to allow us a time and a place for a trial meeting. If this meeting is successful and the organization representatives feel that this forum is a valuable asset, WLIA will consent to host future councils at the annual WLIA conference each March.

The first meeting for the Council is set for September 6th at Hayward WI. in Sawyer County at The Country Inn. This is the Regular Quarterly Meeting of the Wisconsin Land Information Association. Agendas will be forwarded to you when they are complete.

PLEASE R.S.V.P. TO:

ROXANNE BROWN, REAL PROPERTY LISTER  
BURNETT COUNTY GOVERNMENT CENTER  
7410 COUNTY RD K #126  
SIREN WI. 54872

I sincerely hope that you, or your representative, will attend and participate. I have great faith in communication. I believe that it can only benefit all involved; it certainly never hurts.
